

Subject: Minutes of the Virtual Meeting – Request for Bids for Behavior Change and Capacity Development Programme [Non-Consulting Assignment]

Punjab Rural Municipal Services Company (PRMSC) has invited bids for Behavior Change and Capacity Development Programme [Non-Consulting Assignment] by publishing a Specific Procurement Notice (SPN) - Request for Bids, in combined edition of leading national dailies besides publishing the Notice at its and Punjab Public Procurement Regulatory Authority’s websites. As scheduled in SPN, a Virtual Meeting was held on 22nd March 2023 through virtual platform namely “Zoom”. The Weblink, Meeting ID and Passcode were provided in the Notice. The meeting was attended by the officials/technical resource persons of PRMSC & representatives of potential Service Providers who chose to attend. The list of participants, is attached at **Annex – I**.

Proceedings of Meeting:

2. The Chief Executive Officer with the assistance of Chief Operating Officer and technical resource persons, briefly explained the scope of the assignment which were duly made public in the Procurement Document that was uploaded on the website of the Company for free downloading. The uploading of Procurement Document was duly referenced in the Specific Procurement Notice. The “Terms & Conditions” related to bids’ submission and selection of the Service Provider, thereof, were also apprised, concisely besides underscoring the importance of the assignment.

3. The representatives of the Service Providers sought clarifications which were addressed by PRMSC Team accordingly and are juxtaposed hereunder: -

29	ITB 2.1	Is there any maximum or minimum budget range of the BCCD component of the PRSWSSP Programme?	The procurement process does not allow such disclosures.
30	ITB 12.1	Signed CVs are needed only of the Technical Experts (Technical Team). Whereas, signed CVs and/or commitments from International Experts and Non-Key staff are not needed. Is this a correct impression?	It is mandatory that the CVs of the proposed staff, either key or non-key and, national or international, which the Service Provider would intend to submit with their bid, must be signed. In respect of Key Staff Positions, the Service Provider should submit CVs proposing an exclusive expert for a position, as the credentials of the proposed key experts, shall be evaluated by the Company. It would be prudent if a Service Provider also proposes experts against non-key experts and

			submit their signed CVs, against those positions for which 1 or 2 experts have been requisitioned.
30	ITB 12.2 (i)	viii. Affidavit on judicial stamp paper of PKR. 100 as per the formats given in bidding document. There are no such formats in the bidding document.	There is no specific format and Service Provider may submit it, sufficiently worded, meeting the requirements.
32	ITB 21.3	<ul style="list-style-type: none"> ● Will a Power of Attorney to sign the bid be required from the competent authorities of all JV partners for their respective representatives? ● Can a JV issue a separate letter authorizing specific representative to attend the Bid Opening? 	<ul style="list-style-type: none"> ● Yes ● It may be efficient if one authorized representative of a JV, may be the Lead Member, attends the bid opening. However, there is no requirement of an authority letter to attend the bid opening. Upto two representatives from a Service Provider or a JV or association, can attend the bid opening and shall mark their attendance by mentioning the names of their firms.
49 & 50	Service Provider Information Form and Service Provider's JV Members Information Form	<ul style="list-style-type: none"> ● Whether required information of both JV partners will be inserted in the same Service Provider Information Form or these will be separately filed by all JV partners and attached with the bid? ● In case of a JV, will only "Service Provider's JV Members Information Form" given on page 50 be required OR both documents will be needed? 	<ul style="list-style-type: none"> ● In case of JV, separate Service Provider Information Form is required for each member. ● Since each and every member of a JV will be evaluated separately, as per the evaluation parameters, given in the procurement document, therefore, it is reiterated that a JV should provide the referred form besides submitting documentary evidence which would be beneficial in evaluating their credentials, according to the procurement document.
		Can Service Providers participate in the form of association?	Yes. It is absolutely dependent on the wish and will of the Service Providers as to how they would participate in the selection process. There are generally three types of association as explained below, and the consultants could opt for anyone while fully mindful of the evaluation process:

Page #	Section / Para	Questions	Replies
			<p>Joint Venture: In joint venture formation, two or more Service Providers can make an association by either signing either an intended or fully executed & registered Joint Venture Agreement, mentioning therein the roles and responsibilities of each member, in detail. In such formation, the Service Providers are obligated to submit all the required information as per the evaluation parameters in respect of each partner, which are assessed independently.</p> <p>Sub-contractor: In sub-contractor association, two or more Service Providers can participate, and, in their profile, it has to be clearly mentioned as to who is the Lead Partner and who are sub-contractors. An explicit letter of association duly indicating the Lead Partnership, has to be submitted with the profile by each sub-contractor. In sub-contractor association, only the experience and capacity of lead firm/partner, is assessed.</p> <p>Consortium: In this association, two or more Service Providers can make a consortium and participate. However, in such formation, a consortium is given a particular name, and all the partners participate in a process under that name, therefore, it is mandatory that the consortium is legally registered with concerned registration authority(ies) under its given name and under that name, must be fulfilling the evaluation/selection requirements/ parameters.</p> <p>Any of above association arrangement should be clearly mentioned in the bid and all the related documentation should be furnished thereof.</p>
51	Qualification Information	In case of a JV, whether separate Qualification Information Form of all JV partners will be filled?	It is restated that in case of JV, separate Service Provider Information as per Forms, given at Page No. 47 & 48 is mandatory in respect of each member.
59	Code of Conduct for Service Provider's Personnel Form (ES)	Separate Code of Conduct forms will be required from all JV partners?	Yes.

Page #	Section / Para	Questions	Replies
63	Bidding form Work Plan	Is there a specific format for this section or any narrative or tabular form will be acceptable?	No, the Service Provider has to provide Work Plan, based on their capabilities. Nonetheless, it must be ensured that the Work Plan should be self-explanatory.
64	Bidding form Staff Plan	Is there a specific format for this section or any narrative or tabular form will be acceptable?	No, the Service Provider has to provide Staff Plan, based on their capabilities. Nonetheless, it must be ensured that the Staff Plan should be self-explanatory.
72	B. Scope of Services, 1.1 Components of BCCD Programme	<ul style="list-style-type: none"> • Whether this project entail only strategy development and its pilot testing in 200 villages OR it also requires scaling up of the BCCD implementation in 2,000 villages after pilot testing in initial six (?) months? • List of villages/ Attachment-I is missing in the RFP document 	<ul style="list-style-type: none"> • The implementation, under the current bidding/contracting process, is limited to 200 revenue villages. Whereas the strategy is required to be developed keeping in mind the implementation, at later stage by the Company, for 2,000 villages. • The list is appended at Annex – II.
82	Formation of VOs	Is it necessary that only the Village Councils formatted by the LG&CD are reformatted by the BCCD firm to establish VOs? What if BCCD firm has already established VOs?	<p>A Service Provider has to submit its exclusive methodology as to how they would execute the assignment. If they intend to obtain benefit from the LG&CD formatted Village Councils, they have to defend it, and if they wish to adopt an alternate option, they have to provide plausible rational.</p> <p>There is no restriction from the Company.</p>
82	Identification & Engagement of female Ambassadors of Change (AOC)	<ul style="list-style-type: none"> • Is there any specified criteria for the selection of AOCs? Any minimum age and/or qualification requirements? • Understandably, one AOC will be identified per village for 2,000 villages. Is this a correction impression? 	<ul style="list-style-type: none"> • No. A Service Provider has to provide their methodology as to how they will achieve the required objective, giving plausible rational.
82, 83, 84		BCCD firm is required to provide updates on projects outputs through an Overall Project MIS. Who will develop the MIS? Whether this has to be added and budgeted in the scope of work?	<p>Development of MIS based system is the responsibility of PRMSC. The development has been outsourced and has been started. No separate budgeting is required.</p> <p>Nevertheless, if Service Provider will be having any requirement to get themselves integrated with Company's MIS System, they should sufficiently ponder about it and may like to add their requirement in their offered financial cost.</p>

84	42: Tariff Collection	The BCCD firm is required to facilitate PRMSC by collecting tariffs from target villages. We understand fixing of the tariff will be done by PRMSC and the BCCD firm will only support PRMSC in tariff collection in early stages? Is this a correct impression?	Yes. The matters related to Tariff calculation and its collection, is purely a Company's (Company's) task. However, the BCCD Service Provider shall be assisting the Company in Behaviour Change, including information, education, and knowledge management of the beneficiaries, for availing the municipal services and attaining the benefits which the Company would be offering.
86	(e)	Realtime data collection, tariff collection and verification are the responsibilities given to BCCD firm. For tariff collection, who will provide the devices? In case BCCD firm has to purchase these devices out of project budget, then kindly share the specifications for budgeting purposes.	Tariff collection is not the responsibility of BCCD Service Provider.
86	(m)	<ul style="list-style-type: none"> Identification/notification of district as well as Tehsil offices is required. Will this mean BCCD firm will have to establish two offices in 14 districts (with the exception of Pakpattan & Bahawalnagar) where selected Tehsils are not the district headquarter? Establishing two offices will add to the overheads cost and administrative workload. 	<p>The Service Provider shall be requiring swift liaison with the Head as well as Tehsil Offices of the Company. Also, it is envisaged that the implementation in all the target revenue villages of selected Tehsils, will be going in parallel. Therefore, it would be prudent if the Service Provider is sufficient resourced for providing effective and efficient services. A Service Provider has to provide a rational as to how effectively they shall be managing the delivery of services at all sites, simultaneously, besides maintaining liaison and coordination.</p> <p>A Service Provider has to propose their methodology with due rational and should be covering all the technical/ implementation aspects, in their cost, resourcefully.</p>
96	H. Special Instructions (b)	The payment to BCCD firm will be made after acceptance of the deliverables. However, there must be a timeline for the acceptance of the deliverables by the company. This timeline is not mentioned here.	The payment timelines are duly given in the Section VIII viz. General Conditions of Contract at Clause 6.5, Page 122 of the Procurement Document.
96	H. Special Instructions (d)	<ul style="list-style-type: none"> The 'assets' required by beneficiaries and/or staff of BCCD firm shall be covered in the asset budget. Clarification is needed about the assets and its types for budgeting purposes. 	<ul style="list-style-type: none"> If a Service Provider proposes to procure/buy certain equipment, IT equipment, vehicle, furniture & fixture etc., and cost such items in their financial cost, in such case, whatsoever the items are procured, shall become the property of the Company, at the end of contract. On page 122, the Clause 8.1 & 8.2 also does not clarify the appointment of the adjudicator.</p>	<p>Yes. The Adjudicator has been upfront nominated. By way of submitting a bid, the Service Provider would be agreeing to the nominated Adjudicator by the Company.</p> <p>If a Service Provider has an objection to it, they may like to mention it in their bid.</p> <p>At Page No. 122, of Section VIII viz. General Conditions of Contract, only Clause 8.2.3 is related to Adjudicator. No clauses are available with the numbering 8.1 & 8.2, on the referred page.</p>

34	Evaluation & Qualification	<p>The credit points or quantitative criterion is generally used under World Bank and ADB procurement guidelines. The weightage/credits points of each parameter are not mentioned in the Section III viz. Evaluation and Qualification Criteria, of the Procurement Document.</p>	<p>The selection shall be made following World Bank's Regulations whose reference is duly provided in the Specific Procurement Notice. Service Providers are encouraged to read and understand the selection process from World Bank's Regulations.</p> <p>For Non-consulting selection process, only pass/fail criteria, according to the parameters/thresholds, given in the Section III viz. Evaluation and Qualification Criteria, of the Procurement Document, is used.</p>

68	Employer's Requirement - Activity Schedule	There are few comments on the scope of requirements given in the Procurement Document.	<p>Unfortunately, the Company has not invited comments on its scope of requirement and therefore, cannot entertain the comments. If Company does so, the Service Providers would start giving comments which would best suit to them and that would be akin to an attempt to influence the selection process.</p> <p>However, if a Service Provider intends to provide comments, they may give them in their bid and also propose related methodology as to how they would achieve the alternate means according to their comments.</p>
36	Service Provider's Qualification	Should the Service Providers submit the completion certificate/ performance certificate duly issued by the Company?	<p>It is encouraged; however, it is not mandatory. Nonetheless, if certificates are not available, the Service Provider should provide the copies of the contract.</p> <p>Submission of incorrect/false information will be subject to penalization as per World Bank's Regulations.</p>
36	Service Provider's Qualification	Is there any restriction to have experience of a Service Provider in rural area development only.	<p>No.</p> <p>The Service Providers may or may not have experience in rural area development. Nevertheless, a firm having related experience would be having a relative advantage.</p>
37	Service Provider's Qualification - Technical Team	Can a Service Provider engage/propose an international professional/staff?	Neither there is any compulsion nor restriction for partnering/proposing any international professional. It must be ensured that regardless of a particular nationality, the proposed key or non-key expert should be suitably qualified for the position.
119	Section VIII - General Conditions of Contract	"Professional liability insurance, PRMSC being the beneficiary, with a minimum coverage of PKR Million = 1.15 x Contract Amount". Coverage is more than the contract amount. It needs clarification.	The successful Service Provider has to furnish an exclusive "Professional Liability Insurance" after signing of contract, of the amount indicated in the reference clause, in which PRMSC shall be beneficiary, covering the risk of the Company against sub-standard professional services by the Service Provider and/or any default of the Service Provider in delivering/completing the assignment except Force Majeure.

General Discussions:

4. In addition to above, the following principles of the selection process, were underpinned: -

- i) The Service Providers should read and understand the Scope of Requirement besides Evaluation & Qualification Criteria, with all clarity. They must also have complete comprehension of the selection process employed,
- ii) Interested Service Provider(s)/ Joint Venture(s) must provide information indicating that they are qualified to perform above services (e.g. descriptions of similar assignments, value of previous assignments, experience under similar conditions, availability of appropriate professionals etc.),
- iii) A Service Provider should ensure that all submitted information is correct. A Bid submitted may be dropped at anytime up to award of work if significant omissions/errors are found in the information submitted by the Service Provider,
- iv) The person who would be submitting the Bid, should be properly authorized to do so and the power of attorney/authorizations in this regard, be provided with the profile,

- v) All the documents of Bid should be in properly binded form,
 - vi) All the Pages of the Bid must also be properly numbered, signed and stamped,
 - vii) Data Sheets of relevant (similar and specific experiences) assignments/works, duly substantiated, by the Service Provider(s)/ Joint Venture(s) members either completed or in progress, with the following details.
 - a) Name of the Project
 - b) Cost of the Project
 - c) Name and address of the Company
 - d) If case of association of Service Provider(s), the type of association i.e. either JV or sub-contractor/consultant be mentioned clearly along with names and address of all the partners.
 - e) Services rendered along with the Start & Completion Date.
 - f) A Service Provider, which was a partner in a previous joint venture(s), should furnish a statement providing details of work, component of works performed individually and its over-all share (percentage) in the works performed by the joint venture,
 - viii) The Service Providers may request for further clarifications, if required, however, such clarifications should be received by the Company no later than seven (07) days before Bid Submission's due date i.e., 31st March 2023. The Company shall respond to the clarifications and shall post them without referring to/disclosing the identify of the Service Provider, at its website.
5. The meeting ended with a vote of thanks from the Chief Executive Officer.
